

Faculty Annual Report Guide:

The Student Supervision Form enables you to report the number of students you supervised in a formal role. To report student supervision activities, click on the  button.

Any previously created Student Supervision activities will also be listed and you can edit, delete, or duplicate any of these previously reported activities.

OR

Optional: You can upload file attachments or provide a URL to a website relevant to your student supervision.

For each student supervision activity, you must tag it with a start and end semester and year. This is how it is pulled into your Faculty Annual Report (e.g., a student supervision activity tagged Fall 2018 through Spring 2022 will show up in your 2018, 2019, 2020, 2021, and 2022 FARs).
